

Notes to ALL Competitors

Number	Note	Date
1	Please be aware of the passing and overtaking guidelines in the Supp Regs.	March 28
2	Competitors entering the track must yield to competitors on the track. Timing has been set to minimize this but it still may occur.	March 28
3	Competitors exiting the track must signal their intention to do so. When an exit lane is provided, they must use that lane, specifically on the Fabi Circuit in both directions. That exit lane will be on the RIGHT side of the racing surface. Overtaking vehicles must NOT pass on the right at those locations.	March 28
4	Groups of 6 to 8 competitors will be set so that competitors of similar performance will be grouped together as much as possible. Cars will be started in reverse seed order on 15 second intervals. Each group will run the shorter tracks and then be combined into one larger group for the long track configuration.	March 28
