

OK Folks,

Here is the event you've all been waiting for. PMSC is pleased to announce the inaugural running of the Salmon River Rally. This is a time speed distance event that takes place on the very same roads that comprise the Shannonville Stages Rally. Ever wanted to get an idea of what a performance rally is like without the expensive car preparations necessary for a race event? By having to drive to set speed limits and elapsed times, you can be part of this event and rally on the same roads that the racers use.

Supplementary regulations and entry information details are located at the following web site.

<http://shannonville.pmsc.on.ca/index.html>

Entry is limited to 16 participants so don't be left out. Check out the web page for information and contacts.
